## BOOKING GUIDELINES

A full day booking covers up to 8 hours of my time, with a 30 minute break for lunch.

Any time over the hours that we have confirmed for our booking becomes an overtime hour at a rate of time & a half.

I only accept 2 hour bookings in Chicago, my home city.

My hours start at my arrival on set, not when you start shooting.

Any shoots requiring travel from 2 - 4 hours will be a full day booking

Any travel time after the start of the shoot will be included in my paid, booked hours.

This rate is for photography only. Not video. I am in the SAG-Aftra Union, all video contracts must be approved with my Union.

I do not shoot any explicit content.

To confirm a shoot, I require a deposit equal to 33% of my total shooting fees.

For the deposit, I accept PayPal, Venmo or Zelle to **whitney.masters.modelegmail.com**

For the shoot date, I require cash.

These rates are in USD and are subject to change based on the country I am shooting in and the content of the shoot.

The total session fee will be discussed via email prior to shooting.

### **General Cancellation Policy**

If you cancel after we have confirmed the shoot, I keep the deposit.

If you cancel within 15 days of the shoot, you are required to send me 50% of my total agreed upon fees.

If you cancel within 72 hours of the shoot you are required to send me 100% of my total agreed upon fees.

### **Outdoor Session Cancellation Policy\*\***

**In Chicago:** If you book an outdoor shoot that we reschedule due to inclement weather, we can attempt a reschedule twice. On the third, you must have a studio available as a backup or pay my total session fees.

**While on Tour:** If you book an outdoor shoot & we can no longer shoot outside due to poor weather, you need to have a studio backup. In the event of a cancellation due to inclement weather & no indoor backup, you are required to cover 100% of my agreed upon session fees.

\*\*If I have to cancel a shoot, I will return your deposit promptly as well as cover any studio fees that you are unable to use provided I am sent a receipt from the studio detailing the costs.

### **Contract Guidelines**

Please adjust your photography contract with the following phrase:

"No images of the model's labia will be shared or reproduced."

Oftentimes, I'm shooting nude! So I know that with precarious poses comes the occasional genital exposure.

However, much of our sharing today happens over social media where these pieces of us are necessarily covered in order to post them.

As such, I am totally fine with these images being taken, altered to cover up genitals and then shared.

However, it is against our professional contract to take and share images of my genitals exposed. So please keep this in mind when shooting and sharing!
